

# *Soft Spike Golf Shoes Policy*

## *Protection of the Links*

We wish to advise all Members and Visitors that a **Soft Spike Golf Shoe Policy** will apply in The Royal Dublin Golf Club **with immediate effect.**

We would ask each player who currently has metal spikes on their golf shoes to have them replaced with Soft Spikes immediately.

This policy is being implemented to eliminate damage to the greens and ensure that nothing detracts from the enjoyment of golf to fellow players.

Thank you for your co-operation.

*J. A. Lambe*
